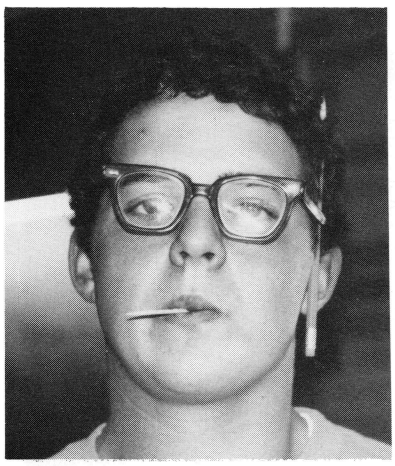
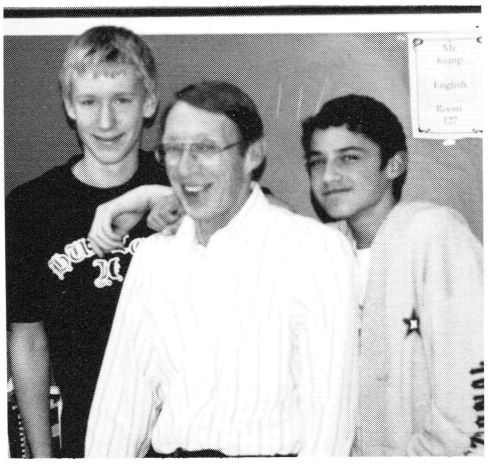
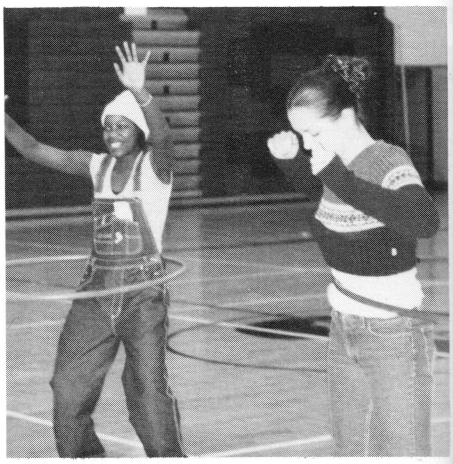
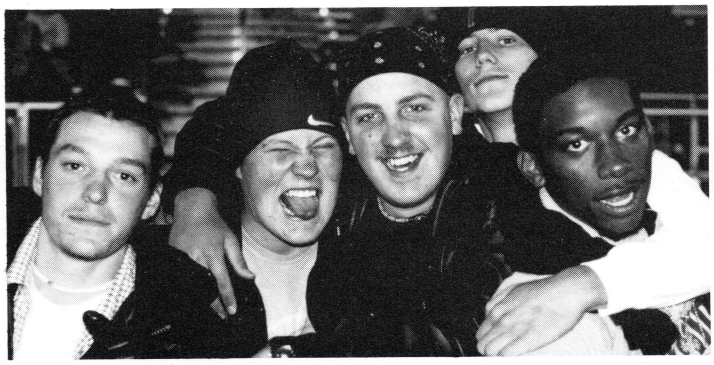
"Time of our lives"

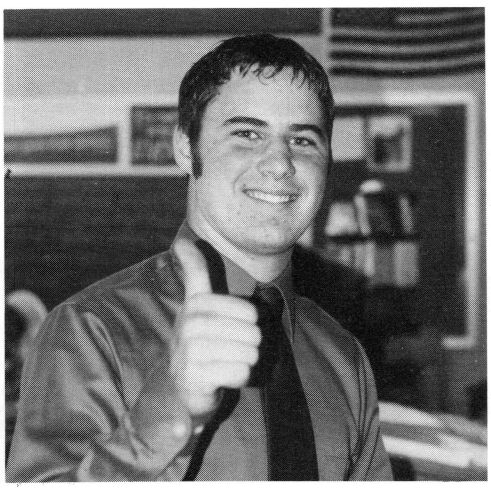


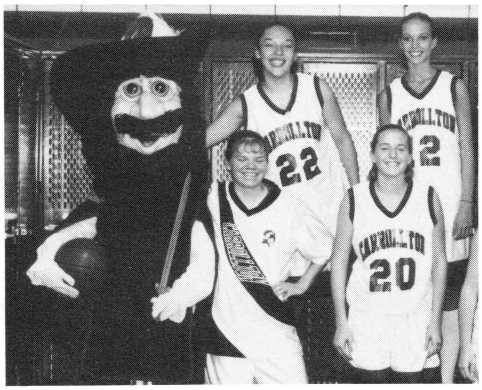


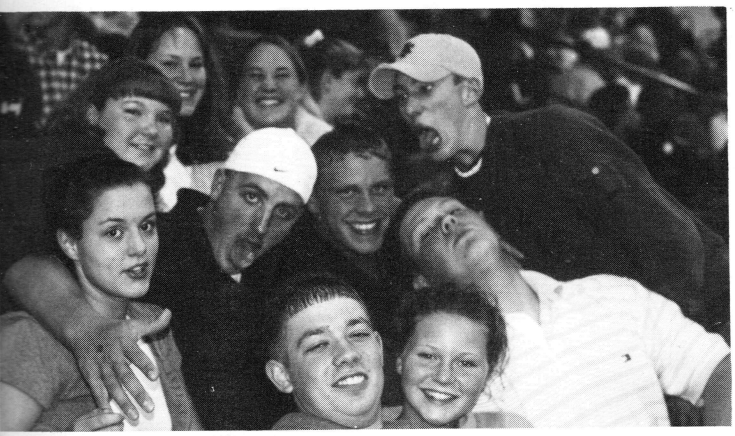




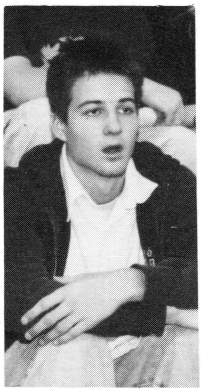
Student

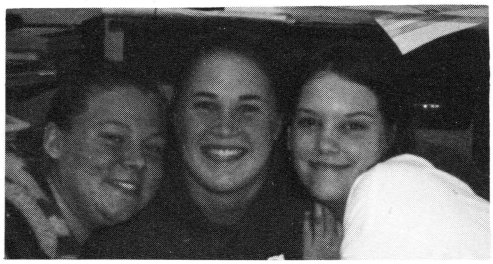


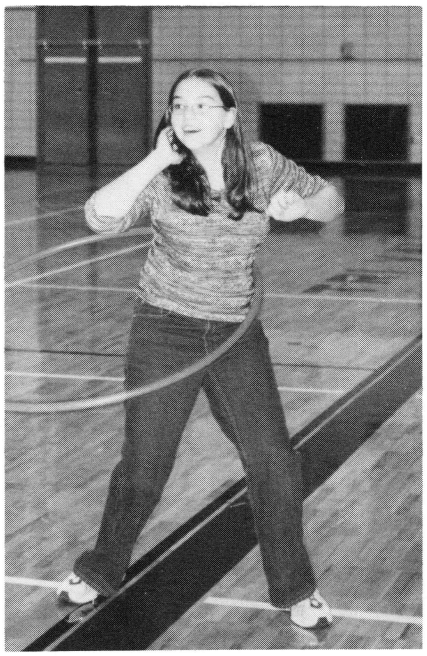


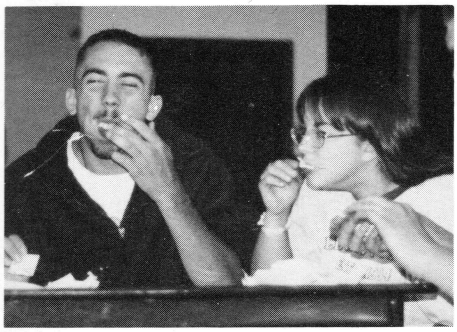


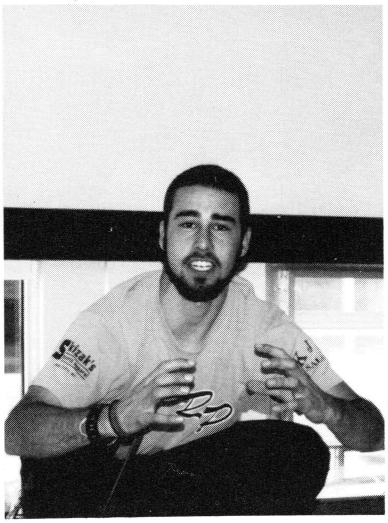
Life

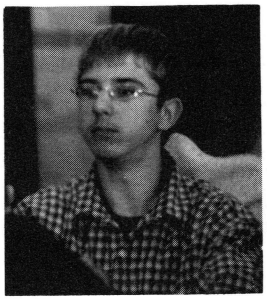


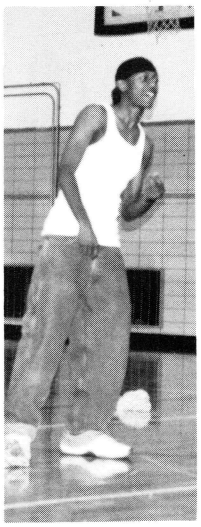


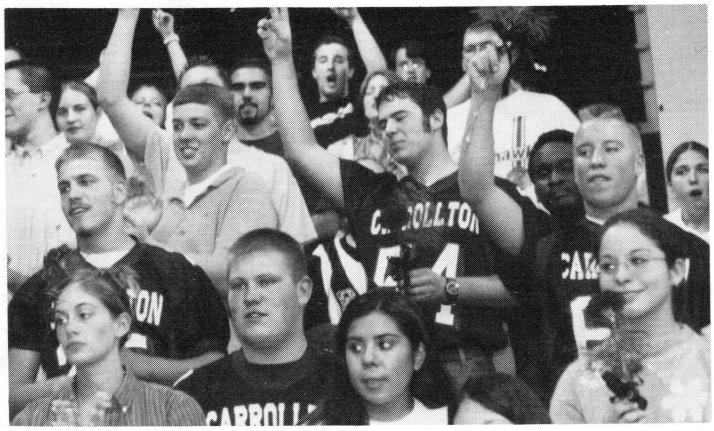


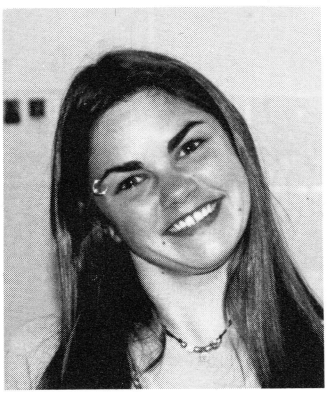


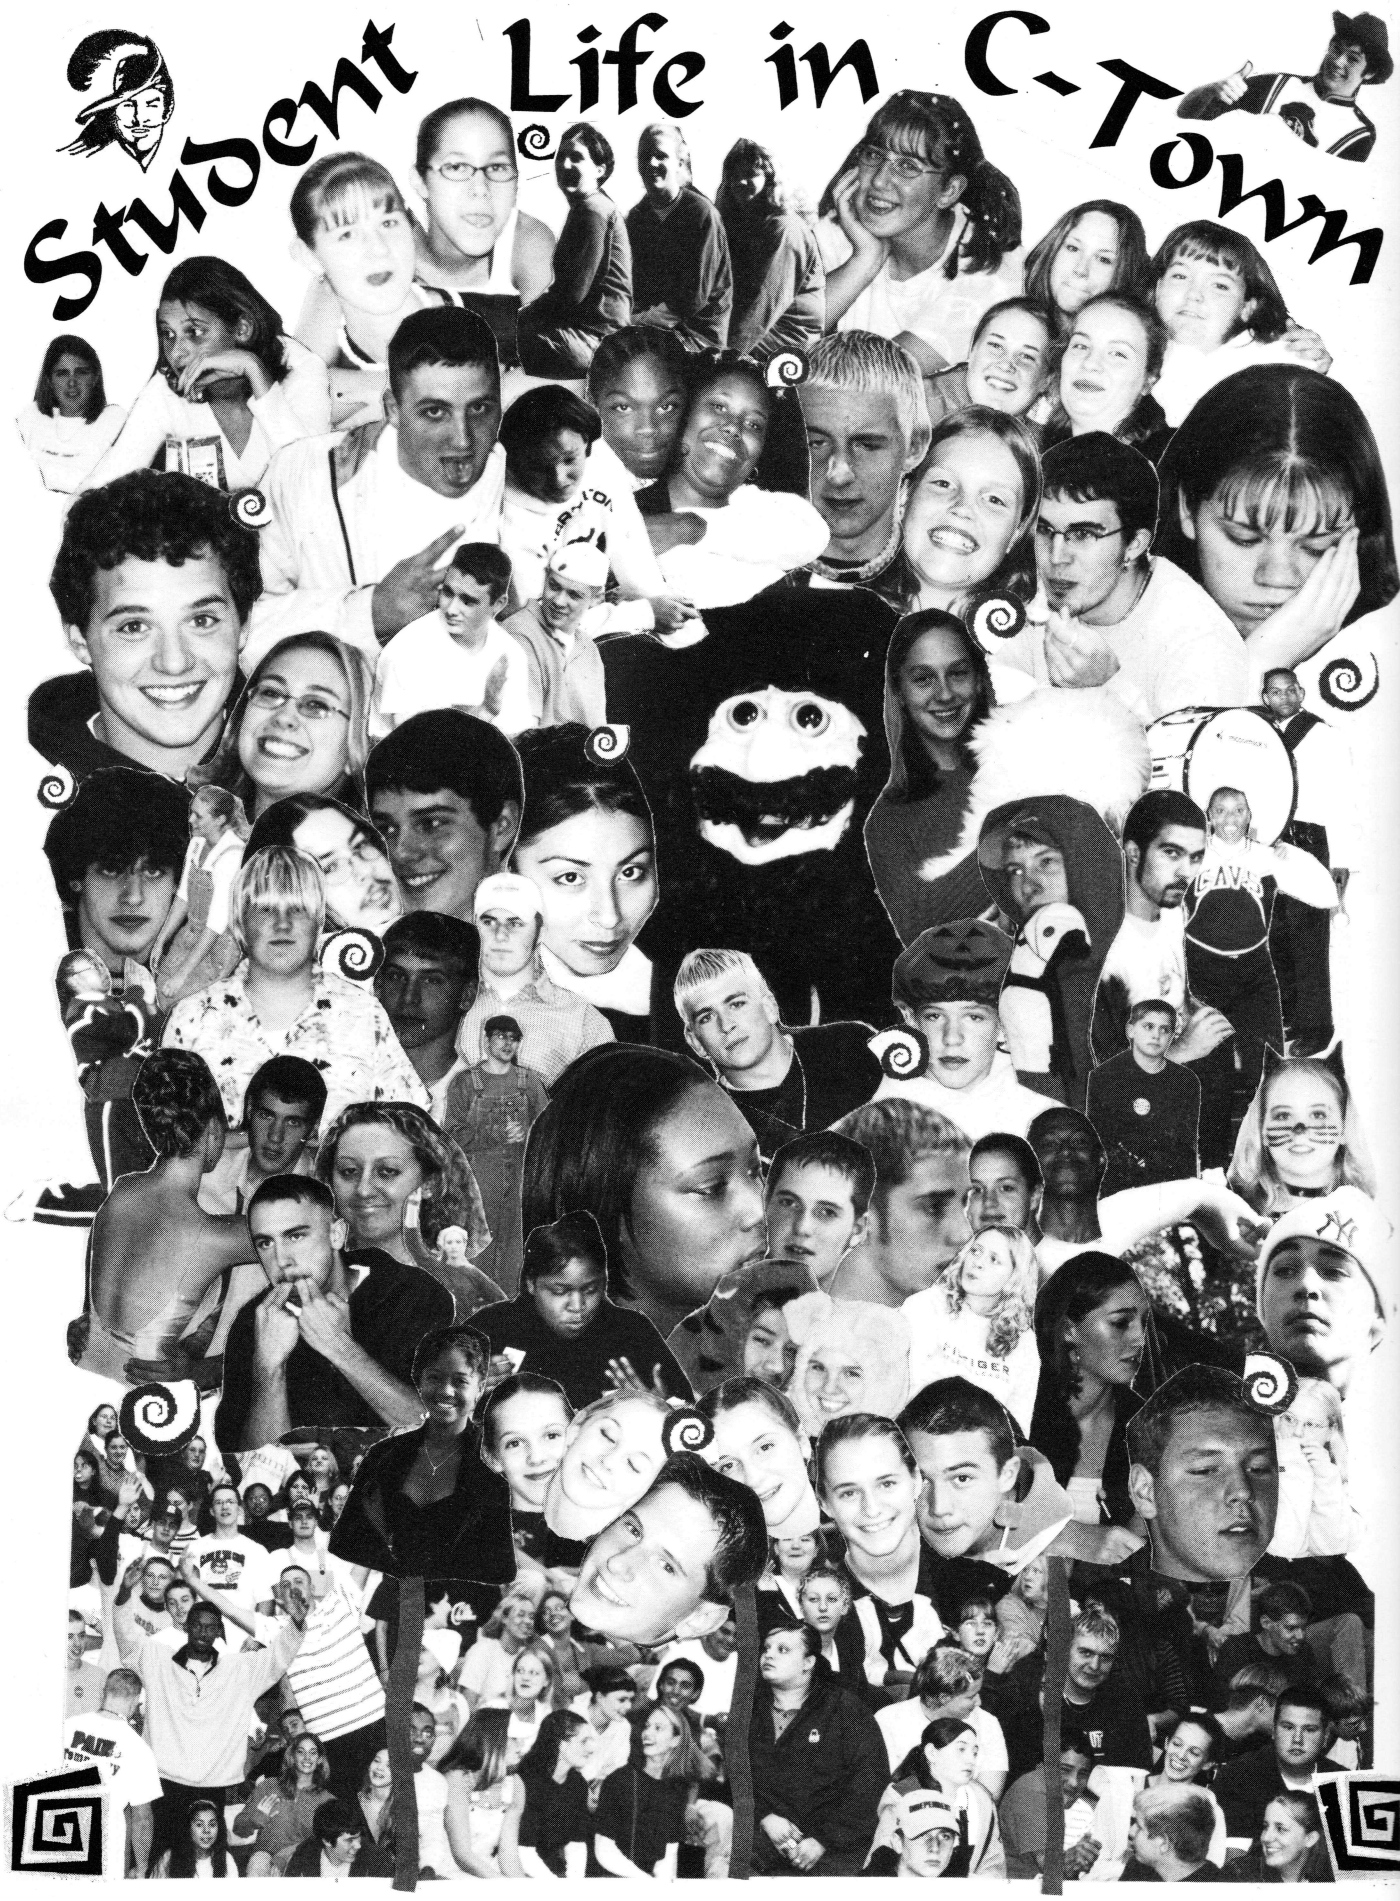












Student Life in C-Town

Dear Class of 2002,

Graduation from Carrollton High School is something that will be cherished and valued for your entire life. We have given you many skills that will help you be very successful at whatever you choose as your career. We have given you a well-rounded education with high academic standards, opportunities for personal growth and many choices regarding extracurricular activities. You have also made many friends during your years at Carrollton High School; I know that you will take a little piece of C.H.S. with you, but remember that you have also left your imprint on us.

You are now one of about 3,500 fellow alumni who will continue to make the community a much better place. I also know that you will give back to your alma mater whenever possible.

The following is from the book *All I ever needed to know, I learned in Kindergarten* by Robert Fulghum. When things get tough, please take a minute to read this message and it will help you put everything in perspective.

> *"These are the things I learned. Share everything. Play fair. Don't hit people. Put things back where you found them. Clean up your own mess. Don't take things that aren't yours. Say you are sorry when you hurt somebody. Wash your hands before you eat. Flush. Warm cookies and cold milk are good for you. Live a balanced life. Learn some and think some and draw some and paint and sing and dance and play and work everyday.*
>
> *Take a nap every afternoon. When you go out in the world, watch for traffic, hold hands and stick together. Be aware of wonder. Remember the little seed in the plastic cup? The roots go down and the plant goes up and nobody really knows how or why. We are like that."*

The following is a quote from President John F. Kennedy. It explains how education impacts everyone:

> *"Let us think of education as the means of developing our greatest abilities, because in each of us there is a private hope and dream which, fulfilled, can be translated into benefits for everyone and greater strength for our nation"*

I wish the Class of 2002 the best as you strive to be the best persons possible.

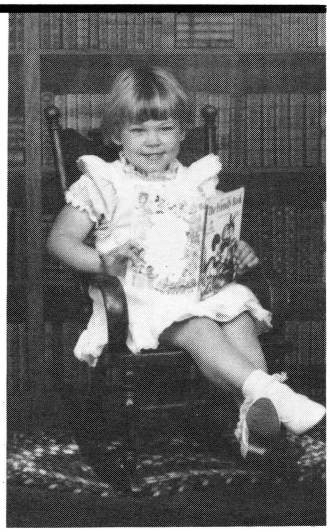
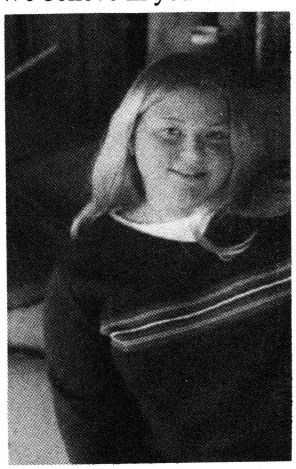
Vicki,
In all our days, our lives are always changing
Tears come along as well as smiles
Along the roads you travel,
May the miles be a thousand more times lovely than lonely
May they give you the kind of gifts that never, ever end:
A family that loves you and a dear friend in whom you can confide in
May you have rainbows after every storm
And hopes to keep you warm
And may you always have an angle by your side
God puts us all in each others lives to impact one another in some way
You have made a big impact on all of your family.
We believe in you and are very proud of you.





Love Always

6 myths

About your local community college

We have a better record than a lot of four-year schools on the licensing exam for registered nurses. In fact, "U.S. News and World Report" (that's a magazine your parents read and you used in a footnote once in your sophomore year) reported the community college graduates perform better academically than the native university students. See, it's just not hype!

Myth No. 3

The people who go to Delta are the ones who can't get in anywhere else.

Wrong! All sorts of people go to Delta. In fact, we are the first choice of area high school seniors over the next five colleges combined. We continue to draw the highest percentage of high school grads with grade points over 3.0. We offer honors programs, business courses, automotive technology, computers and calculus, and most everything else you can imagine.

It is the policy of Delta College not to discriminate on the basis of race, color, religion, sex, national origin or handicap in its educational programs, activities or employment.

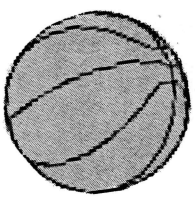
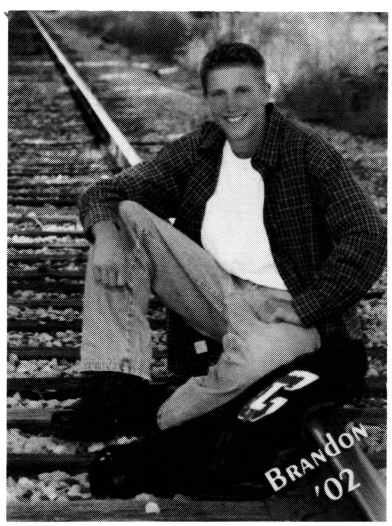
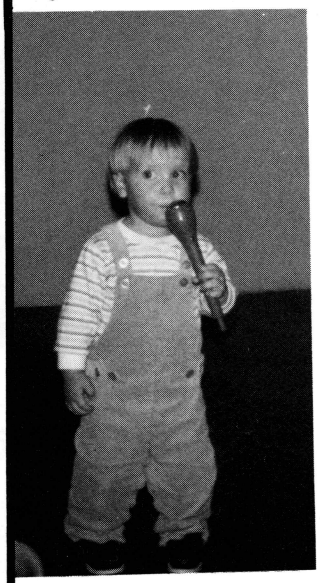
Brandon.....it seems like just yesterday you looked at the world through the wonder of a child's eyes, and now you see the world as a man . Your Mother and I would like to share some words of wisdom with you....

"When you dream, dream deep. When you find joy, make it last, When you have Hopes, hold on to them with all your heart, Your possibilities are unsurpassed. When you have difficulties don't get Discouraged. When you have happiness let it soar. When your wishes come up empty don't give up on them, that perfect opportunity might be behind the next door. When you deal with uncertainties keep your courage. When you wake remember that each and every day is brand new. When you travel toward tomorrow choose your own direction. Your wisdom and your wonderful qualities will always help to guide you."

We Love You..... Mom, Dad & Chad !!!!!!!







Kyle,

Your birth was a joy and a blessing! Having you in our lives has provided us with our greatest opportunity for growth, and for that we are grateful. We have come to understand and accept that love has brought us together for a reason. We have learned so much about ourselves from loving you and learning to accept you as you are. Watching you grow and develop has provided us with some of our greatest joys. Watching you learn from your journey has taught us how to let go. Your talents and potential are extraordinary, and we give thanks for the gift of being your family. Thank you for all that is uniquely you. We love you!

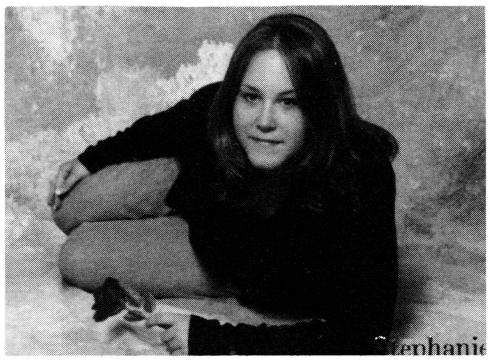
Over the years, as we've watched you grow,
You've blossomed into the young lady we know.
Instead of lace and bows,
You want money, and new clothes.
Instead of dolls and games.
You want cars with big names.



Through all of the memories and all of the friends,
There is one thing that is not a trend.
Your heart is true and always will be,
If you open your wings and let your spirit be free.
You can be anything you want to be.
Congratulations Honey
We are so proud of you!
Love Mom & Dad

Arin,

You will do wonderful things...

Not the wonderful things that are expected of you.

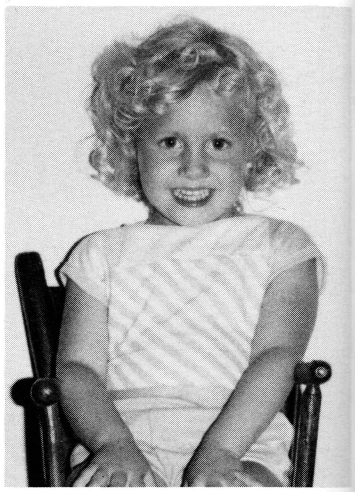
But different things.

Astonishing things.

Better than we ever dreamed.

We love you and are so proud of you

Mom, Dad, Ali and Annie



Always be true to yourself.
Follow your dreams,
for they will take you
to the stars.

To Ashley,

A daughter is the love that life holds,
gracing a family with your presence of gold.
You can win my heart, oh so fast,
with your smile and ways that will long last.
Your sweetness and charm sure do shine,
thank you Lord for making her mine.
As you grow and change from year to year,
a beautiful young woman does appear.
Your time is spent with friends and on the phone,
making new memories with every stepping stone.
You still have the charm of your childhood days,
I am loving you more in so many ways.
The day will come when you have grown,
and the time to leave, you will make known.
My little girl you will always be,
so please dear God, watch over her for me.

Kathy Rice Hoeppner

Reach for the stars,

Good luck.

CHRISTINE ANNE

They said you'd be frail
and smaller than most...
But you were tough and taller.
They said you'd be a little slow
and need extra coaching...
But you were hard to catch
and ahead of much of your class.
They said your heart was special,
and about this they were right...
It the hear of an angel on earth,
And it has made our world so bright.
Love to you Christine,
Mom, Dad & Rus
